6	NONE AVLIBE	7/4/2019 9:25 AM
7	medical care to improve, cost of meds, raise in pensions, don't arrange seniors	7/4/2019 9:23 AM
8	Lower speed on Hwy 5 & 3. In Midway area. Better access for disabled getting in & out of building. Need better access to community washrooms. People with disabilities can't use the washrooms. Reduce speed in village. Have proper medical for disable. Have home help. Need a bus system to take elders to hospital/Doctors Special appointments. There is no help for elders whom made this country and villages.	6/23/2019 11:46 AM
9	Great that council minutes are circulated, but more clarity would be useful. Maybe a newsletter that states what is actually happening and explains decisions noted in the minutes? Eg: Midway has purchased land for \$600K. OK, good to know - but what land? Where? Parcel #s and Lot #s don't mean much to the average citizen. The land was purchased for what purpose? With taxpayer dollars? Will our taxes increase as a result? Has a decision been made on how the land will be used? If not, will there be a process to make a decision? If so, will citizens be aware, or have an opportunity to provide input? Will they be notified in advance when the issue is on the council agenda? More communication about what is meant in the minutes and what is forthcoming would be good.	6/22/2019 10:15 AM
10	MADE AWARE OF WHAT DECISIONS ARE BEING MADE AND HAVE A YES OR NO DECISION TO THESE DECISIONS	6/21/2019 11:13 PM
11	You can make a suggestion to the Village to which you may get a response that it will be forwarded to the proper channels. Then you don't hear back to any progress.	6/20/2019 5:44 PM
12	I think more support is needed for the aging population. But at the same time the local government cannot afford to push the younger generations to the side. THEY will be the ones who will either be working as part of these services! And their children will be the ones to continue that on as their parents and grandparents age. If you don't make sure programs, facilities like recreation such as the ice rink and MORE are not being provided you will not only push families out. BUT you will also be hindering the older generation, it's a great mental and physical support for them to be able to watch the kids play say hockey and interact with kids as well. There are many proving studies and retirement communities who link the two age groups together. It's very beneficial to both, and helps keep the community healthy and strong.	6/4/2019 8:31 PM
13	you are on the right track, a survey, public poll.. communicate with community.	6/4/2019 5:55 PM

15	I don't believe they really listen or care to listen	6/4/2019 11:01 AM

5	Newsletter is great but needs more information meetings, community events. It seems age friendly meeting was actually a workshop, not enough [illegible] and info. Different groups and activities such as seniors COPS curling etc could be highlighted in the newsletters.	7/4/2019 9:16 AM
6	Generally agree, but see previous comment re the meaning of decisions noted in minutes. Eg: a newsletter explaining what this by-law is that was passed, what it means for citizens, and providing some detail on major decisions such as land purchases.	6/22/2019 10:16 AM
7	It's hard to find any information from the village. Usually need to ask where other communities usually have everything on their website	6/22/2019 5:49 AM
8	Only post on line	6/5/2019 7:53 PM
9	Perhaps information could be either delivered to your home or mailbox.	6/5/2019 3:42 PM

13	Midway is a wonderful place to live, but sure could use more services. A nice cafe or gathering spot like a pub. Better high-speed internet. Benches along streets so older folks out for a long walk can rest a minute. A water fountain (refill water bottles) while out walking. And maybe a porta pottie or outhouse along the TCT by the Museum. And more opportunities for integration/social interaction between long-established residents and newcomers. They live in two separate worlds within one small village, it seems.	6/22/2019 10:23 AM
14	There is a lack of amenities here. There should be a washroom in James McMynn park. There should be another outhouse on the Riverwalk at the halfway mark. You want to attract tourists but lack these things. There should be a water park here for the children. The children's park needs to be upgraded. You are not going to attract families here with nothing to attract them to. There could also be a skateboard park. There is room. The Senior's Center needs a paid program co-ordinator. Most organized events there become a chatter session and nothing else. The community center sits empty for the most part. There's a stage. Why not more music acts and dances there? There are very little craft fairs here....why not in the community hall? The arts here is not supported. There are buildings such as the old schoolhouse or the building next to the senior's center which could be restored and a local artist's center set up to sell their products and bring in tourists. Is there somewhere else that has space on a permanent basis? There is no visual art in Midway. Why not some murals? Some art flags going down Florence? There is a town on the island that is now thriving because people come in to see the murals. Paint the garbage bin. Anything to give some colour here. An information board on Florence somewhere. How about the Village instead of talking about developing a strip mall, buy the Hot-L as it is a heritage building and take it over.	6/20/2019 6:07 PM

18	A community requires balance to thrive. You g families must be attracted to the area to fill senior support roles.	6/4/2019 1:08 PM
19	Seniors have a centre where they meet and do activities. They have a Manor to live at and do activities (could be larger). There are some volunteer jobs but not many. Employment is a minimum for everyone. Bus service for everyone , not just seniors, would be beneficial	6/4/2019 10:55 AM
