RESPONSIBILITY FOR FINANCIAL REPORTING

Management is responsible for the preparation of the accompanying financial statements. The financial statements have been prepared in accordance with the accounting principles disclosed in Note 2 to the financial statements and include amounts that are based on estimates and judgments. Management believes that the financial statements fairly present Corporation of the Village of Midway's financial position and results of operations. The integrity of the information presented in the financial statements, including estimates and judgments relating to matters not concluded by fiscal year-end, is the responsibility of management. The financial statements have been approved by Council.

Management has established and maintained appropriate systems of internal control including policies and procedures, which are designed to provide reasonable assurance that Corporation of the Village of Midway's assets are safeguarded and that reliable financial records are maintained to form a proper basis of preparation of the financial statements.

The independent external auditors, Doane Grant Thornton LLP, Chartered Professional Accountants, have been appointed by Council to express an opinion as to whether the financial statements present fairly, in all material respects, Corporation of the Village of Midway's financial position, results of operations, and changes in its net financial assets, and its cash flows for the year then ended in accordance with Canadian Public Sector Accounting Standards. The report of Doane Grant Thornton LLP, Chartered Professional Accountants, follows and outlines the scope of their examination and their opinion on the financial statements.

Lisa Teggarty, Chief Administrative Officer

Independent auditor's report

Doane Grant Thornton LLP 1440 Bay Ave Trail, BC

V1R 4B1

To the Mayor and Council of, The Corporation of the Village of Midway

Qualified Opinion

We have audited the financial statements of the Corporation of the Village of Midway (the "Village"), which comprise the statement of financial position as at December 31, 2024, and the statements of operations, change in net financial assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, except for the effects of the matter described in the basis for qualified opinion section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the Corporation of the Village of Midway as at December 31, 2024, and its results of operations, its changes in its net financial assets, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Qualified Opinion

The Village's investment in West Boundary Community Forest Inc. and its equity from West Boundary Community Forest Inc. were subjected to a Compilation engagement, and were not audited. Since we did not perform audit procedures on West Boundary Community Forest Inc., we were unable to obtain sufficient audit evidence related to income from equity in West Boundary Community Forest Inc. for the 2024 and 2023 financial statements.

Our audit opinion on the financial statements for the year ended December 31, 2024 was modified as we were unable to determine whether any adjustments to those accounts were necessary because of the possible effects of the limitations in scope.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Village in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. Schedules 3, 4 and 5 are presented for the purposes of additional information and are not a required part of the financial statements. Such information has not been subject to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion thereon.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Village's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Village or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Village's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting
 a material misstatement resulting from fraud is higher than for one resulting from error, as fraud
 may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal
 control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Village's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Village's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Village to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Chief Administrative Office

NOTES TO FINANCIAL STATEMENTS

As At December 31, 2024

1. NATURE OF THE ENTITY

The Village of Midway (the "Village") is incorporated under the Local Government Act of British Columbia and is subject to the provisions of the Community Charter and legislation under the Province. The Village's principal activity includes the provision of local government services to residents of the incorporated area.

The financial statements are the responsibility of management and prepared in accordance with Canadian Public Sector Accounting Standards ("PSAS"). The preparation of these financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies of the Village of Midway.

Basis of Presentation

The Village's resources and operations are segregated into General, Water and Sewer funds, Statutory and Non-statutory reserve funds, and Reserves for future capital expenditures for accounting and financial reporting purposes. The financial statements include all of the accounts of these funds. All inter-fund transactions and balances have been eliminated.

Basis of Accounting

The Village's financial statements are prepared using the accrual basis of accounting.

Reserve Funds

Under the Community Charter, Village Council may, by bylaw, establish reserve funds for special purposes. Money in a reserve fund, and interest earned thereon, must be expended by bylaw only for the purpose for which the fund was established. If the amount in a reserve fund is greater than required, Village Council may, by bylaw, transfer all or part of the balance to another reserve fund.

Investment in West Boundary Community Forest Inc.

The Village is the registered holder of 1 Common Share in West Boundary Community Forest Inc., representing a 50% interest in the corporation. This is an investment in a government business enterprise accounted for using the modified equity method. Under this method, the business enterprise's accounting principals are not adjusted to conform with those of the Village. The equity income or loss for the year is recorded in revenue in the Village's statement of operations and the investment in West Boundary Community Forest Inc. is adjusted accordingly.

Deferred Revenue

Deferred revenue relates to restricted government transfers, grants and other funds received but not yet spent on the stipulated eligible expenditures.

Revenue Recognition

The Village records revenue on the accrual basis and includes revenue in the period in which the transactions or events that give rise to the revenues occur. Taxation revenue are recognized at the time of the issuing of the property tax notices for the fiscal year. Levies imposed by other taxing authorities are not included as taxes for municipal purposes. Sale of services and user fees are recognized when the service or product is rendered by the Village. Government transfers and other grant revenues are recognized as revenue when the funding becomes receivable and eligibility criteria, if any, of the transfer has been met. Unearned revenue in the current period is recorded as deferred revenue. Transactions where goods or services are provided for consideration include performance obligations to a specific payor. Revenue from these transactions is recognized as the performance obligations are satisfied. Transactions without performance obligations are recognized when the revenue is received or receivable.

NOTES TO FINANCIAL STATEMENTS

As At December 31, 2024

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Short-Term Investments

Short-term investments include term deposits with the Steller Vista Credit Union and highly liquid short-term bond funds with the Municipal Finance Authority.

Municipal Pension Plan

The Village's pension plan follows the guidelines of the Municipal Pension Plan which is administered by the Province of British Columbia for all British Columbia municipalities. The Village and its employees contribute to the Municipal Pension Plan (a jointly trusteed pension plan). The board of trustees, representing plan members and employers is responsible for administering the plan, including investment assets and administration of benefits. The plan is a multi-employer defined benefit plan.

Liability for Contaminated Sites

Contaminated sites are a result of contamination being introduced into air, soil, water, or sediment of a chemical, organic or radioactive material, or live organism that exceeds an environmental standard. The liability is recognized net of any expected recoveries. A liability for remediation of contaminates sites is recognized when a site is not in productive use and all the following criteria are met:

- an environmental standard exists:
- contamination exceeds the environmental standard;
- the Village is directly responsible or accepts responsibility;
- it is expected that future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

The liability is recognized at management's estimate of the cost of post remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for the contaminated site. The Village has no liabilities under this standard as at December 31, 2024 and December 31, 2023.

Expenses

Expenses are recognized as they are incurred and measurable based upon receipt of goods or services and/or the creation of a legal obligation to pay.

Tangible Capital Assets

Tangible capital assets are recorded at cost less accumulated amortization and are classified according to their functional use. Amortization is recorded on a straight-line basis over the estimated useful life commencing in the year the asset is put into service. Donated tangible capital assets are reported at the fair value at the time of donation. The estimated useful lives are as follows:

Buildings and improvements	20 - 50 years
Engineering structures	15 - 30 years
Fixtures, furniture, equipment and vehicles	5 - 25 years
IT infrastructure	3 - 10 years
Sewer infrastructure	10 - 100 years
Water infrastructure	10 - 100 years

Budget Figures

The budget figures are based on Bylaw No. 548, the Five-Year Financial Plan for the year 2024 adopted on May 13, 2024.

NOTES TO FINANCIAL STATEMENTS

As At December 31, 2024

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Municipal Finance Authority Cash Deposits and Demand Notes

The Village issues its debt instruments through the Municipal Finance Authority. As a condition of these borrowings, a portion of the debenture proceeds are withheld by the Municipal Finance Authority as debt reserve fund. The Village also executes demand notes in connection with each debenture whereby the Village may be required to loan certain amounts to the Municipal Finance Authority. These amounts are note included in the Village's financial statements. The details of these cash deposits and demand notes at year end are as follows:

	_	emand Notes	Cash eposits	2024	2023
Sewer fund	\$	4,566	\$ 2,955	\$ <u>7,521</u> \$	15,124

Long-Term Debt

Outstanding debenture debt is reported net of applicable sinking fund balances.

Interest on debt is charged to current operations. Interest charges are accrued for the period from the date of the latest interest payment to the end of the year.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Significant areas requiring estimates include the useful lives of tangible capital assets for amortization, the determination of payroll and employee future benefits accruals, the asset retirement obligations, and the provision for contingencies. Actual results could differ from management's best estimates as additional information becomes available in the future.

Financial Instruments

The Village's financial instruments consist of cash, short-term investments, accounts receivable, MFA debt reserve cash deposits, accounts payable and accrued liabilities, asset retirement obligations and employee future benefits. All financial instruments are recorded at their cost and amortized cost.

Transaction costs related to the financial instruments measured at cost or amortized cost are added to the carrying value of the financial instrument. Transaction cost related to financial instruments recorded at their fair value are expensed as incurred.

Financial liabilities (or part of a financial liability) are removed from the statement of financial position when, and only when, they are discharged or cancelled or expire.

NOTES TO FINANCIAL STATEMENTS

As At December 31, 2024

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Asset Retirement Obligations

A liability for an asset retirement obligation is recognized when all of the following criteria are met:

- there is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- the past transaction or event giving rise to the liability has occurred;
- it is expected that future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

The liability is measured at the Village's best estimate of the amount required to retire a tangible capital asset (or a component thereof) at the financial statement date. The estimate includes costs directly attributable to the asset retirement activities.

Upon initial recognition of the liability for an asset retirement obligation, the carrying amount of the corresponding tangible capital assets (or component thereof) is increased by the same amount.

The capitalized asset retirement cost is expensed in a rational and systematic manner of the useful life of the tangible capital asset (or a component thereof). For obligations for which there is no tangible capital assets recognized or for tangible capital assets that are no longer in productive use, the asset retirement costs are expensed immediately. Subsequently, the liability is reviewed at each financial statement reporting date and adjusted for:

- changes as a result of the passage of time with corresponding accretion expense;
- for any revisions to the timing, amount of the original estimated of undiscounted cash flows, or the discount rate.

Adjustments to the liability as a result of revisions to the timing, amount of the estimate of undiscounted cash flows or the discount rate are adjusted to the cost of the related tangible capital asset and the revised carrying amount of the related tangible capital asset is amortized except for adjustments related to tangible capital assets that are not recognized or no longer in productive use, which are expensed in the period they are incurred,

The asset retirement costs are amortized over the period in which the costs are expected to be incurred.

A recovery related to asset retirement obligation is recognized when the recovery can be appropriately measured; reasonably estimated and it is expected that future economic benefits will be obtained. The recovery is not netted against the liability.

Change in Accounting Policies

PS 3400 Revenue issued November, 2018 establishes standards on how to account for and report on revenue and is effective January 1, 2024. Specifically, it differentiates between revenue arising from transactions that include performance obligations, referred to as "exchange transactions", and transactions that do not have performance obligations, referred to as "non-exchange transactions".

Revenue from transactions with performance obligations should be recognized when (or as) the Village satisfies a performance obligation by providing the promised goods or services to a payer.

Revenue from transactions with no performance obligations should be recognized when the Village:

- has the authority to claim or retain an inflow or economic resources; and
- Identifies a past transaction or event that gives rise to an asset.

The standard was applied prospectively and had no impact on the comparative figures.

5. INVESTMENT IN WEST BOUNDARY COMMUNITY FOREST INC.

The Village is the registered holder of 1 Common Share in West Boundary Community Forest Inc. ("Community Forest") representing a 50% interest in the corporation, with the City of Greenwood holding the balance. The Community Forest was created for the purpose of managing a community forest license and has an agreement with the BC Ministry of Forests, Lands and Natural Resource Operations for a twenty-five year term beginning on January 1, 2014 to harvest Crown timber in specific areas of the West Boundary.

The Village accounts for its investment in the government business enterprise using the modified equity method. The condensed financial information of the investment for the year ending December 31, 2024, with comparative figures for December 31, 2023 are as follows:

Assets	2024	2023
Current assets Long-term assets	\$ 1,577,897 <u>348,552</u>	\$ 1,057,790 361,933
Liabilities	<u>1,926,449</u>	<u>1,419,723</u>

Village Interest	\$ <u>652,653</u>	\$ <u>109,099</u>

Under the modified equity method, the cost of the investment is adjusted by earnings or losses of the entity from the date of acquisition as well as any dividends paid. In 2024, the Village recorded equity income of \$743,555 (2023 - equity loss of \$127,055) and received \$200,000 (2023 - \$400,000) in dividends from West Boundary Community Forest Inc.

7. EMPLOYEE FUTURE BENEFITS

The Village records liabilities for accrued employee benefits in the period in which they are earned by the employee. Short-term benefits, such as banked overtime and vacation entitlements, are included in accrued liabilities. Long-term benefits, such as sick leave entitlements, are reported as employee future benefits at management's estimate of the cost of the future entitlements. The Village has estimated the discounted cost of this employee future benefit and has accrued \$22,666 (2023 - \$15,590) in the financial statements.

8. DEFERRED REVENUE

These funds are externally restricted for the purposes for which they are collected.

9. PHOENIX COMMUNITY FOUNDATION ENDOWMENT

As at December 31, 2024, the Village has transferred a total of \$61,500 (2023 - \$61,500) in contributions to the Phoenix Community Foundation. These funds are held permanently, and the Village receives annual investment income on these funds. As the Village has the right to receive only the investment income and has no access to the contributed principal, the balance held is not shown on the Village's Statement of Financial Position.

NOTES TO FINANCIAL STATEMENTS

As At December 31, 2024

10. LONG-TERM DEBT					
	Beginning Balance	Proceeds of Debt	Repayment of Principal	Actuarial Adjustments	Ending Balance
General Capital Fund MFA equipment loan	\$ 14,444	\$ -	\$ (14,444)	\$ -	\$ 20
Sewer System Capital Fund Sewer Bylaw #338	34,974		(11,722)	<u>(11,905</u>)	11,347
	\$ <u>49,418</u>	\$	\$ <u>(26,166)</u>	\$ <u>(11,905)</u>	<u>11,347</u>

11. ASSET RETIREMENT OBLIGATIONS

The Village has recognized an asset retirement obligation related to remediation expenses for lead and asbestos in certain buildings for which the Village has a legal obligation to incur.

A reconciliation of the aggregate carrying amount of the liability is as follows:

	. ()		2024		2023
Beginning balance		\$	48,870	\$	-
Initial recognition of expected discounted cash flows Increase due to accretion	CS.	_	- 2,312	_	46,663 2,207
Ending balance		\$	51,182	\$_	48,870

The liability is estimated using a present value technique that discounts future expenditures. The discount rate used was based on long-term financing rates with MFA of 4.45% (2023: 4.73%). The total undiscounted expenditures and the time period over which they are expected to be incurred is as follows:

2048	\$	141,834
2076	\$_	48,661
	\$_	190,495

NOTES TO FINANCIAL STATEMENTS

As At December 31, 2024

12. ACCUMULATED SURPLUS

	2024	2023
General Operating Fund surplus	\$ 3,036,669	\$ 2,614,976
Water Operating Fund surplus	70,300	70,300

13. EQUITY IN TANGIBLE CAPITAL ASSETS

Equity in Tangible Capital Assets represents the net book value of total capital assets less long-term obligations assumed to acquire those assets and consists of the following:

	2024	2023
Equity, beginning of year Add:	\$ 7,976,512	\$ 7,311,030
Capital acquisitions, net of dispositions	282,488	958,692
Debt principal repayments	26,166	26,421
Actuarial adjustment	11,905	10,981
Less:		
Amortization	(303,550)	(281,742)
Recognition of asset retirement obligations	-	(46,663)
Asset retirement obligation accretion	(2,312)	(2,207)
Equity, end of year	\$ <u>7,991,209</u>	\$ <u>7,976,512</u>

NOTES TO FINANCIAL STATEMENTS

As At December 31, 2024

14. MUNICIPAL PENSION PLAN

The Village and its employees contribute to the Municipal Pension Plan (the plan), a jointly trusteed pension plan. The Board of Trustees, representing plan members and employers, is responsible for administering the plan, including investment of assets, and administration of benefits. The plan is a multi-employer defined benefit pension plan. Basic pension benefits provided are based on a formula. As at December 31, 2023, the last reporting date, the plan had about 256,000 active members and approximately 129,000 retired members. Active members include approximately 45,000 contributors from local governments.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plan. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plan. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2021, indicated a \$3,761 million funding surplus for basic pension benefits on a going concern basis.

The Village paid \$60,846 (2023 - \$52,254) for employer contributions to the plan in fiscal 2024

The next valuation will be as of December 31, 2024, with results available in 2025.

Employers participating in the plan record their pension expenses as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plan records accrued liabilities and accrued assets for the plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets, and costs to individual employers participating in the plan.

15. PROVINCIAL AND OTHER GRANTS		
	2024	2023
Provincial Government transfers - unconditional	382,600	350,425

18. RECONCILIATION TO BUDGET

The following reconciles the budget as shown on the statement of operations to the budget as presented in Bylaw No. 562 adopted May 13, 2024.

Annual surplus per the statement of operations	\$ 1,678,646
Debt principal repayments	(11,483)
Purchase of tangible capital assets	(2,148,600)
Transfers to reserves	(661,920)
Transfers from reserves	<u>1,143,357</u>
	\$

19. TRUST FUNDS

Funds held in trust and administered by the Village are as follows:

	V	2024	2023
Assets and Net Position Cash and short-term investments	\$_	18,643	\$ <u>17,819</u>
Fund Balances Trusts - Cemetery Care	\$_	18,643	\$ <u>17,819</u>
Transactions for the Year Ended December 31, 2024 Cemetery Care, beginning balance Interest paid Contributions Cemetery Care, ending balance	\$ _ \$_	17,819 - 824 18,643	

Trust funds are not included in the Village's financial statements.

20. CONTINGENT LIABILITIES

The Village, as a member of the Regional District of Kootenay Boundary, is jointly and severally liable for the future capital liabilities of the Regional District. The loan agreements with the Municipal Finance Authority provide that if the Authority does not have sufficient funds to meet its obligations, it shall make payments from the debt reserve fund which is in turn established by a similar debt reserve fund of the Village and all other borrowing participants. If the debt reserve fund is deficient, the Authority's obligation becomes a liability of the Regional District, and may become a liability of the participating municipalities.

The Village is at times faced with claims of a diverse nature. As at December 31, 2024, the total of these costs, if any, cannot be reasonably estimated and no amount has been accrued in the financial statements.

21. CONTRACTS AND COMMITMENTS

The Village entered into purchase and service contracts related to current capital projects valued as follows:

Water Infrastructure Backup Generator	\$	57,345
Community Hall Renovations	\$ 2	,352,194

NOTES TO FINANCIAL STATEMENTS

As At December 31, 2024

22. FINANCIAL INSTRUMENTS

The Village is exposed to various risks through its financial instruments. The following analysis provides information about the Village's risk exposure and concentration as of December 31, 2024:

Credit Risk

Credit risk is the risk of financial loss to the Village if a debtor fails to discharge their obligation (e.g., pay the accounts receivable owing to the Village). The Village is exposed to this risk arising from its cash, short-term investments, taxes and utility user fees receivable and accounts receivable.

Taxes and utility user fees receivable is primarily due from corporations and individuals. Accounts receivable is primarily due from governments, corporations and individuals. Credit risk is mitigated by the highly diversified nature of the debtors and other customers. The Community Charter grants legislative authority for the Village to enforce the collection of unpaid property taxes. The Village measures its exposure to credit risk based on how long the amounts have been outstanding. An impairment allowance is set up based on the estimated collectibility of the underlying receivable. In the current and prior years, no receivables have been considered impaired. The amounts outstanding at year-end were as follows:

2024	Current	31-60 Days	61-90 Days	91-120 Days	120+ Days	Total
Government transfers and other grants Trade accounts and other Taxation and	122,238	-		-	-	122,238
utility fees	30,843	2,299	767	650	21,286	<u>55,845</u>
Total	\$ <u>153,081</u>	\$2,299	\$ 767	\$ <u>650</u>	\$ <u>21,286</u>	\$ <u>178,083</u>
2023	Current	31-60 Days	61-90 Days	91-120 Days	120+ Days	Total
Government transfers and other grants Trade accounts and other Taxation and	170,964	-	-	-	-	170,964
utility fees Total	<u>324,232</u>	105	320		38,988	363,645
TUIdi	\$ 495,196	\$ <u>105</u>	\$320	\$	\$38,988	\$ 534,609

There has been no significant changes from the prior year in the exposure to risk or policies, procedures and methods used to measure the risk.

Liquidity Risk

Liquidity risk is the risk that the Village will not be able to meet all cash outflow obligations as they come due. The Village mitigates this risk by monitoring cash activities and expected outflows that extensive budgeting and maintaining investments that may be converted to cash in the near-term if unexpected cash outflows arise.

All financial liabilities mature within one year.

There has been no significant changes from the previous year in the exposure to risk or policy, procedures and methods used to measure the risk.

Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk.

The Village is not significantly exposed to these risks other than as follows:

NOTES TO FINANCIAL STATEMENTS

As At December 31, 2024

22. FINANCIAL INSTRUMENTS (continued)

Interest Rate Risk

Interest rate risk is the potential for financial loss caused by fluctuation in the fair value of future cash flows of financial instruments because of changes in market interest rates. The Village is exposed to this risk through its interest-bearing investments. As at December 31, 2024, a 1% fluctuation in interest rates, with all other variables held constant, would have an estimated increase in interest income of its short-term investments of \$49,491 (2023 - \$39,772).

There has been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure the risk.

23. SEGMENTED INFORMATION

The Village of Midway is a diversified municipal government that provides a wide range of services to its citizens. The Village's operations and activities are organized and reported by funds and departments. The General fund reports on operations funded primarily by property taxes and government transfers which include services provided by the Village such as general government services, parks and recreation, protective services, public works and transportation. The utility operations are comprised of the water and sewer system each accounting for its own operations and programs within its own fund. Operating results reported by the following segments are included in Schedule 2.

General Government

General government is primarily funded by property taxation and unconditional government transfers. The expenses within the segment are for legislative, general administration and finance functions as well as all operations and maintenance costs relating to the municipal buildings and grants to community organizations.

Parks and Recreation

Parks and recreation services contribute to the quality of life and personal wellness though the maintenance of the parks, arena and campground.

Protective Services

Protective services is comprised of the Village and rural fire protection services, emergency recovery expenses, ambulance building maintenance and bylaw enforcement.

Public Works and Transportation

Public works and transportation is a broad function comprised of crews engaged in the maintenance and improvement to the road systems, drainage, snow removal, works yard maintenance and other planning and maintenance activities.

Water and Sewer Services

The water utility provides safe drinking water to the Village. Revenue and expenses represent the amounts that are directly attributable to the function of the water utility.

The sewer utility operates the sanitary sewer system networks and treatment plant. Revenue and expenses represent the amounts that are directly attributable to the function of the sewer utility.

24. COMPARATIVE FIGURES

Comparative figures have been adjusted to conform to changes in current year presentation.

SCHEDULE 1 - TANGIBLE CAPITAL ASSETS

Total 2025 Property Taxes	\$ 775,388	100%	100%

Table #2 provides the distribution of property tax revenue among the property classes. In 2025 there was a significant decrease in Class 04 – Major Industry assessment.

THE CORPORATION OF THE VILLAGE OF MIDWAY BYLAW #572 MIDWAY FINANCIAL PLAN 2025 – 2029 BYLAW

Table #3 contains a list of permissive exemptions granted for the taxation year. The list demonstrates the policy of council that permissive exemptions are granted to not-for-profit institutions that form a valuable part of our community.

Table #3 – Estimated permissive tax exemptions for 2025, 2026 and 2027.

VILLAGE OF MIDWAY BYLAW NO. 573, 2025

BEING AN ANNUAL PROPERTY TAX RATE BYLAW FOR THE LEVYING OF RATES FOR MUNICIPAL, HOSPITAL AND REGIONAL DISTRICT PURPOSES FOR THE YEAR 2025.

The Council of the Village of Midway, in open meeting assembled, enacts as follows:

- The following rates are hereby imposed and levied for the year 2025. 1.
 - For all lawful general purposes of the municipality on the value of land and (a) improvements using general taxable values, rates appearing in Column "A" of schedule "A" attached hereto and forming a part hereof.
 - For purposes of the Regional District of Kootenay Boundary on the value of land and (b) improvements using hospital taxable values, rates appearing in Column "B" of schedule "A" attached hereto and forming a part hereof.
 - For purposes of the West Kootenay Boundary Regional Hospital District on the value of (c) land and improvements using hospital taxable values, rates appearing in Column "C" of the schedule "A" attached hereto and forming a part hereof.
- 2. This bylaw may be cited as "Annual Property Tax Bylaw No. 573, 2025."

RE: FortisBC Wildfire Safety

Dear Lisa Teggarty,

I am writing to introduce you and your team to an important new safety policy FortisBC is adding to its existing wildfire safety practices to ensure the safety of the public and our employees.

This year, we're implementing a <u>Public Safety Power Shutoff (PSPS)</u> policy. This involves proactively shutting off power as a precautionary measure during extreme weather conditions in areas at high risk of wildfires. It is a tool of last resort utilities across North America are introducing to reduce the potential risk of wildfires.

By now, we've all witnessed and, in some cases, been personally impacted by the devastation of wildfires. We also understand that the communities we serve rely on electricity, and any power outages, especially extended ones can create significant challenges, impacting both critical infrastructure and vulnerable customers

We've prioritized communities like yours within our electricity service area that are at the highest risk of wildfire. Please see the map on page 3 which outlines the PSPS areas of coverage. To that end, should you want a meeting to discuss this policy further, please let me know. We will be presenting to the RDKB board on April 30 about this project, as well an open house in Greenwood on May 14, one in Keremeos on May 15, and a virtual open house on May 22. Your insights and collaboration will be invaluable as we implement this important policy designed to keep your community safer.

Sincerely,

Hayley Newmarch

HNewmarch

Community & Indigenous Relations Manager

www.fortisbc.com/wildfiresafety

Backgrounder

The safety of the public and our employees is FortisBC's number one priority. When there is an increased risk of wildfires in British Columbia's Southern Interior region, FortisBC takes several steps to reduce the potential risk and impact of wildfires and protect your safety, which may result in customers experiencing more frequent or longer than typical power outages

When wildfire risk is high, we turn on enhanced safety settings that increase the sensitivity of our equipment. That means the power could go out in situations that would not normally trigger a noticeable outage. For example, debris contacting a line during a windstorm could trigger an outage and the power would remain off until we can manually inspect the line to be sure it's safe to restore power.

A PSPS is a new, proactive precautionary measure where we proactively shut off power in high-risk fire regions during extreme weather conditions to reduce potential ignition sources. FortisBC will only intentionally turn off the power as a last resort and will work to limit the scope, duration and frequency of PSPS events. We will attempt to provide as much notice as possible and updates throughout the outage. Please note that weather conditions can change quickly and a PSPS may occur with little to no notice.

We closely monitor wildfires near our equipment. During active wildfires, FortisBC may shut off power in consultation with local fire authorities to support firefighting activities. We may also apply fire retardant and fire blankets to protect our equipment. Once the fire has passed, we will inspect our equipment for damage, make repairs and restore your power.

We encourage customers to be prepared to be without power for at least 72 hours:

- Be aware of how they are using electricity at their property and create an emergency plan to ensure they can manage safely during a period without service.
- Having a backup plan for air conditioning, lighting and powering devices needed to stay in touch during an emergency.

Community members that depend on power for medical needs, can reach out to our customer service team at 1-866-436-7847 to register as a vulnerable customer and receive direct notification in advance of a PSPS event.

For updates on PSPS events and activations, follow @FortisBC on X (formerly Twitter), Bluesky and Alertable, service alerts on fortisBC.com and our outage map at fortisbc.com/outages.

Learn more at fortisbc.com/wildfiresafety.

Communities most likely to experience a PSPS event
