ICBC & Motor Vehicles

The Village of Midway Office offers all of your ICBC Autoplan and Drivers Services needs.

Midway Community Centre Committee - Members of the Midway Community Centre Committee attended the meeting as a delegation seeking clarification on the role of the committee as Council continues to move forward with the Midway Community Centre project. Council is continuing discussion on the matter.

Open Burning - Fire Chief Walt Osellame attended the meeting as a delegation to voice his concerns regarding open burning (category 1) and campfires within the municipality. Some residents continue to burn prohibited items (household waste, garbage, rubbish, refuse plastic, styrofoam, etc.) and often under the guise of having a campfire. The Fire Chief feels it is time to revisit the Bylaw and make necessary changes to prevent the continuation of this behaviour. Council will begin by sending out information to residents reminding them of the rules and regulations, the importance of not burning prohibited materials for air quality, fines that can be levied, and other options available for disposing of these materials.

Additionally, residents are reminded that burn permits are required for all burning within the Village of Midway. Permits can be purchased for \$1 at the Village Office.

Midway Partnership Fund - The Midway Partnership Fund is accepting applications for full, or partial, funding of projects to help our community. Application forms may be picked up at the Village Office or for more information please call John Fair at 250-449-2639. The deadline for applications is March 31, 2017 at 4:00 pm.
