Thanks Cam,

I just received a message from Robert Silva (building inspector) who informed me I am allowed to move a storage container onto the property before I have a building permit.

In terms of timelines. The possession date of the lot is May 29th. I purchased the lot (address is 393 Fourth Avenue) and plan to have the foundation completed this season. But, I have to take the Owner/Builder course and exam before I am able to go ahead with the foundation. I hope to have the building permit by August 1, 2026. I am unable to determine exact dates for when I might want to stay there as I will need to be there to take photos of the construction of the foundation but then the foundation will likely sit there for the winter because the log builder will be taking on my project this winter with plans to set it up on the site in the spring of 2027. I am presently living in a condo in Kelowna but it is now listed for sale. I cannot predict when the sale might happen. If I have to move before winter, it's likely I would leave the country for the winter.

It's also possible I might find something to rent for the winter after the sale. I'm sorry I can't provide any more succinct plans or details as I'm restricted to both the sale of this property as well as the timelines by contractors.

I just wanted to know if it would be alright to temporarily stay on site in a small RV during the times I would need to be there to supervise the construction.

Thank you.

Hi Dawn,

Council would like to have more information regarding your request. Most specifically, what is your time estimated time line for the project? I understand there's a lot of moving parts for something like this but if you had to plan it out, how would it look?

For example, ideally you'd purchase something _____, you'd want to move an RV on the property by _____, live in it for how long _____, completed and RV no longer used as living space by_____.

You also mentioned a storage container, please include the intentions for that as well.

Thank you.

Dear Dawn,

Thank you for your April 8, 2026 letter, and welcome to Midway. Council considered your request at its regular meeting on April 27, 2026, and postponed a decision until more information on the proposed timeline was available. Thank you for providing the draft timelines to Cam. I will bring this additional information forward to Council at the June 8th meeting.

In your letter you mentioned that you could not find the Bylaw restricting the use of RV whilst building. Please refer to Zoning Bylaw 464, 2015 – (Pg 19.):

402. R 1 – Residential 1 Zone

Permitted uses in this zone are as follows:

- (a) Single family dwelling;
- (b) Home-based business;
- (c) Bed and Breakfast;
- (d) Accessory use, buildings and structures.

103. Definitions (Pg 3.)

DWELLING, SINGLE FAMILY means any detached building consisting of one dwelling unit and excludes manufactured homes, “park model” trailers, and any other form recreational vehicle;

302. Permitted Uses of Land, Buildings and Structures in all Zones (Pg 10.)

- (e) temporary buildings (other than temporary security accommodation), structures and the storage of materials required for an approved construction project located on the same parcel provided these items are removed within thirty (30) days of the completion of the approved construction and/or occupancy.

You may store a trailer on the property if it is not used as a residence. Please also note that Property Maintenance & Standards Bylaw 525, 2020 applies, including concerns about long grass and fire hazards. In addition, the Zoning Bylaw does not permit an accessory building before a primary residence, so a trailer shelter cannot be built first.

I hope this clarifies the answers to your questions. We will contact you after the June 8th meeting to confirm Council’s decision.

Yours truly,

INTRODUCTION

The Provincial Appointment Book provides UBCM local government and First Nations members instructions on requesting meetings with the Premier and Cabinet Ministers, to be scheduled during the week of 2026 UBCM Convention.

 As a new approach in 2026, Ministry, Agency, Commission, and Corporation (MACC) staff meetings between provincial public service staff and UBCM members will be held **virtually during the week prior** to the UBCM Convention. 

Details on each MACC's programs, projects, and areas of responsibility are also included in this document.

Meeting Details

Meetings with the **Premier and Cabinet Ministers** will be 15 minutes in length and will take place **in person** during the following dates:

**Monday, September 14 to
Friday, September 18**
Vancouver Convention Centre,
East Building, 2nd Level

Meetings with **MACC staff** will be 30 minutes in length (20 minutes for the Ministry of Transportation and Transit), and will take place **virtually** during the following dates:

From: Public Works Foreman

Subject: Capital equipment improvement – Former Command truck for Public Works use.

RECOMMENDATION:

THAT Council approve a capital equipment improvement to the former command truck at a cost of \$7,104.00, excluding GST, to be funded from the Equipment Replacement Reserve.

ISSUE/PURPOSE:

Public Works is currently using a 2006 Chevy 1500 with significant mechanical and safety issues. The vehicle runs poorly, consumes a substantial amount of oil, has a defective airbag system, and has several other minor deficiencies. Public Works is requesting approval to repair the former command vehicle and replace the Chevy 1500 to be used for Public Works operations.

BACKGROUND:

The former command truck is a 2010 Dodge 2500 with mileage comparable to the current 2006 Chevy 1500. The Dodge is a suitable replacement and is in significantly better overall condition. Its only notable issue is the need for a transmission rebuild, estimated at \$7,104.00. This is a common issue for this make and model and is typically resolved without further problems. After reviewing replacement options, Public Works determined that purchasing a comparable used or new vehicle would cost substantially more. Repairing and repurposing the Dodge is a cost-effective way to make use of an existing asset and avoid a larger capital purchase.

FINANCIAL/BUDGETARY IMPLICATIONS:

Council approved the 2026–2030 Five-Year Financial Plan on May 14, 2026. As part of the 2026 Capital Plan, Council also approved a \$50,000 budget for Public Works equipment upgrades, to be funded from the Equipment Replacement Reserve if needed. Subject to Council approval, the proposed repairs can be funded within this existing \$50,000 budget.

Staff have obtained two quotes for the rebuild and they were both in the region of \$7,000.

Staff are requesting approval to accept the quote from Hwy 97 Transmission and Driveline, Kelowna, at a total cost of \$7,435.71 (includes GST).

GOVERNANCE CONSIDERATIONS:

Council approval is required as per Village of Midways Policy # 155 – Risk Management Policy-Municipal Expenditures (Staff)

The Honourable David Eby, Premier

The Honourable Kelly Greene, Minister of Emergency Management and Climate Readiness

The Honourable Christine Boyle, Minister of Housing and Municipal Affairs

The Honourable Brenda Bailey, Minister of Finance

Dear Premier Eby, Minister Dix, Minister Greene, Minister Boyle, and Minister Bailey:

RE: Support for Continued BC Local Government Climate Action Program (LGCAP) Funding

On behalf of Greenwood City Council, we are writing to express our support for the continuation of the BC Local Government Climate Action Program (LGCAP) and to echo the concerns recently raised by the District of Saanich regarding the future of this important funding program.

Local governments across British Columbia are on the front lines of climate adaptation, emergency preparedness, infrastructure resilience, and greenhouse gas reduction initiatives. Programs such as LGCAP provide critical and stable funding that enables municipalities — particularly small rural communities such as Greenwood — to participate meaningfully in climate action planning and implementation.

For many local governments, dedicated climate funding supports staff capacity, long-term planning initiatives, infrastructure assessments, emergency preparedness activities, energy efficiency improvements, and the ability to leverage additional provincial and federal grant opportunities. Without predictable and continuous funding, municipalities may face significant challenges maintaining momentum on projects that directly support Provincial climate and resiliency goals.

Smaller communities often have limited staffing and financial capacity, making stable funding streams even more important. Competitive grant programs alone are not always sufficient, as they frequently require matching funds, extensive application preparation, and significant administrative resources. LGCAP has provided municipalities with the foundational support needed to pursue these additional opportunities and advance local climate initiatives.

Communities throughout British Columbia are already experiencing the impacts of climate change through wildfire risk, extreme weather events, infrastructure pressures, and emergency management demands. Continued partnership between the Province and local governments is essential to ensure communities remain resilient and prepared for the future.

The City of Greenwood respectfully requests that the Province reconsider the discontinuation of LGCAP funding and work collaboratively with local governments to ensure continued, stable support for municipal climate action and adaptation initiatives.

Thank you for your consideration and for your continued partnership with local governments throughout British Columbia.

Sincerely,

CAO Report to Council

Date: June 8, 2026

File No: 0640-40

Important dates:

- **Next June Regular Council meeting – June 29, 2026**
 - **July Regular Council meeting – July 13, 2026**
 - **2026 Union of BC Municipalities (UBCM) Convention – September 14-18, 2026**
- 1) Statutory reporting – The 2025 Annual Report and Statement of Financial Information (SOFI) are being finalized. Council approval will be required at the June 29, 2026 meeting.
 - 2) 2026 property tax notices have been mailed and include a summary of the average residential increase based on assessed value. Taxes are due July 2, 2026.
 - 3) 2026 Provincial Appointment Book – The deadline to book meetings with the Premier and Cabinet Ministers during the 2026 UBCM Convention is *June 24, 2026*. Please provide topics and suggestions to the CAO so meeting requests can be completed. Note: meetings with ministry staff will be virtual this year.
 - 4) UBCM Strategic Priorities Fund grant application update - Boundary Expo Recreation Centre (BREC) Slab replacement - *The latest update I received was that the applications are currently being reviewed, and we are estimating to announce successful applications in Spring/Summer 2026.*
 - 5) Community Hall Opening Celebration – The Midway Community Association is planning the event. Some deficiency items have delayed progress, and the general contractor will have trades return this month to complete the required corrections. I will provide Council with a more definite date for substantial completion and the building's return to the Village.
 - 6) Economic Development/Land out of ALR – Adrienne (EDO) has prepared a draft business plan to support the application to the Agricultural Land Commission (ALC). The next steps are to finalize the application and move forward with public notification and a public hearing.
 - 7) Planning – We are receiving many inquiries about zoning and permitted development on land for sale within the municipality.
 - 8) The Public Works Summer Student posting has closed, and shortlisting is underway.
 - 9) Accessibility Advisory Committee – New members have been recruited. *Proposed meeting dates in June are 15, 22, or 29 at 2:00 p.m.*
 - 10) Frank Carpenter Memorial Campground – The season is off to a good start, and we are receiving positive feedback from visitors.

Dear colleagues,

Re: Next phase of Provincial outreach for *Heritage Conservation Act*

I am writing to you to provide an update from the Union of B.C. Municipalities on the next phase of the Province's outreach on the *Heritage Conservation Act* (HCA).

Background

The approach adopted by the Province to renewing the antiquated HCA has been a matter of considerable concern and action for UBCM since last August. UBCM has maintained from the very start of this process that it is important for the Province to renew the HCA, improve archaeological conservation, and work with First Nations leaders as it develops potential changes to the existing legislation.

We have also said that the Province's decision to work exclusively with First Nations leaders when determining solutions to amend the legislation left local governments outside of the most critical step of the policy process. The resulting proposals did not appropriately balance the full range of interests held by the various stakeholders and demonstrated gaps that would have benefited from the inclusion local government expertise. While the Province has addressed some of the concerns that have been identified, these have been piecemeal.

Earlier this spring the Province shared a technical policy paper and asked for feedback within a 30-day window. UBCM, local governments, business organizations and others responded to this opportunity, providing detailed input. However, the fact that the province had a three-column briefing document that outlined proposed changes to legislation just days after the close of the input period indicated that the Province did not take sufficient time to consider and integrate the feedback provided. To ensure UBCM's ability to speak publicly about the proposed changes and to affirm the need for a more transparent, collaborative approach to renewing the HCA, UBCM declined to sign a non-disclosure agreement to review the Province's briefing document.

What We are Asking For

UBCM has communicated to the Minister that the best option to restore trust in the process and to avoid unintended consequences from the ultimate legislation is to bring together a technical working group of First Nations, local government and business representatives. This should have been the approach from the start, and it is not too late to do the right thing now.

We have also asked that before passing a sweeping overhaul to the current legislation, the Province pilot implementation in a few communities to refine the key concepts for the legislation. This option has been dismissed by the Province out of hand as being impossible, but UBCM

continues to believe that there is precedent and a means for doing so. We maintain that this would be a wise course of action for all parties and will strengthen the support for the final legislation.

What Will Happen Next

The Province has not taken up UBCM's request for a working group of technical experts to continue policy work to support better legislation. Instead, it will be hosting a set of regional information sessions to present its intentions for legislation this fall. It is our understanding that notifications of these meetings have been sent to our members directly, and that there is a solid level of sign-ups so far. We encourage our members to attend these sessions.

UBCM will attend these meetings virtually to monitor feedback from our members, and we have requested the opportunity to provide an opening comment.

We remain engaged in the overall process for the transformation of the HCA and will do so in a manner that does not sacrifice the principle of effectively representing the interests of our members. It is our view that signing a non-disclosure agreement would impair our ability to communicate with our members, First Nations leaders, and the public, and that it would be unwise to sign at this critical juncture.

Next Steps for UBCM

We expect the latest outreach from the Province to be concluded in June, and that the Province intends to introduce legislation this fall.

UBCM has dedicated considerable resources to this file, and that will not change. Since last August: we featured the HCA at the 2025 Convention; led a consultation process with our members resulting in a thorough submission; provided a second submission to the Province's technical paper this spring; met with the Minister on several occasions and exchanged correspondence; and engaged with staff at the Ministry of Forests.

We will continue to engage with the Province to seek a better course of action consistent with our proposals for a technical working group and pilot program for key elements of the legislation and potential regulation. If you have any questions or comments about the process to renew HCA legislation, please contact our [office](#).

Sincerely,

Councillor Cori Ramsay
President, Union of BC Municipalities

Subject: Provincial Budget 2027 Consultation

Good morning,

On behalf of the Legislative Assembly of British Columbia's Select Standing Committee on Finance and Government Services, we are writing to share that the Committee's **Budget 2027 consultation** is now accepting written submissions.

As the Committee hopes to hear from British Columbians in all areas of the province, the Committee kindly requests you **share information about the consultation in your community**.

[Promotional materials](#) and a [news release](#) are available to download on the Finance Committee's [website](#) and we would be pleased to send you materials in different formats if desired.

You can also share this link for the Consultation Portal: la-bc.ca/consultations

How to Participate

British Columbians can participate by providing written input using the submission form on the [Parliamentary Committees Consultation Portal](#) by **2:00 p.m. (Pacific) on Friday, June 19**.

Please note: The opportunity to register to make a presentation at public hearings has now closed. The Committee is currently accepting **written input only**. Those who are scheduled to present to the Committee in 2026 are **not eligible** to also provide a written submission.

About the Consultation

The Committee includes MLAs from both the government and opposition. Each year, the Committee asks the public for input on the upcoming provincial budget and then publishes a report with recommendations based on the input received.

For more information on the province's fiscal forecast and key budget issues, read the [Budget 2027 Consultation Paper](#) from the Minister of Finance, which is referred to the Committee each year before the consultation.

If you have any questions about the Budget 2027 consultation, the Committee's work, or the information in this email, please contact us by email at FinanceCommittee@leg.bc.ca or phone at 250-356-2933 or 1-877-428-8337 (toll-free in BC).
